As a member of the Center for Science in the Public Interest (CSPI), I urge you to save human lives by banning the use of medically useful antibiotics in animal feed. Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. And that can leave physicians with no way to treat life-threatening bacterial infections in humans. That's why I support the petition filed by CSPI.

30, 1999

Dear Commissioner Henney,

Please use the influence
of your position to ban the use
of medical antibiotics in animal
feed.

I am in support of the
petition filed by the Center for
Science in the Public Interest.

A very concerned citizen.
